

Project Rates/Quotes

- The rate for each individual written project, both large and small, is \$.0167 per word for easy reading type projects. For more technical and difficult material, such as medical terminology or scientific content, is .025 per word— since this type of material takes longer and more work to research.

If you are interested

- Contact me via text or email to express your interest, what type of project you need proofread, level of difficulty, and its size per word. (Email grammarhawkproofreading@gmail.com, text 217-972-6121 or use the Contact Form on the Contact Information page of the website)
- Forward a small center portion of your work for assessment. I will evaluate your project/written material type for the degree of difficulty, how time intensive, etc., and will submit you which amount per word your project falls into.
- After the amount is settled upon, you will be forwarded a copy of our Work Contract to review and sign. *
- Smaller projects will be invoiced for the entire quoted amount up front. Larger projects/books will be invoiced by agreed upon interval due dates. (A deposit up front and then an agreed upon amount per so many chapters).

*A Preference Sheet will also be included with the contract for your convenience. If any, check all preferences you would like included or left in your material during the proofreading/editing process.

I would be more than happy to answer any questions you may have. Looking forward to working with you.
